

Net Setup Instructions

1. The net has two long ropes going through itself
 - a. One at the top (Blue), one at the bottom (Purple).
 - b. For each; one side should be short, the other should be long. All ends with 1 loop.
2. Attach the net's top rope's short-side loop to the pole's upper top hook (upper hook for men's/open, lower for women's).
3. On the top rope's long side, thread the rope around the pole's top hook, then down and around the bottom hook.
4. Hold the loose loop. (there may be a long extra span of rope)
 - a. If a loop does not exist, tie one
 - b. If a knot exists in the wrong spot, pliers are available to aid in untying a knot.
5. Attach the top hook of the tie-down to the top hook.
6. Attach the bottom hook of tie-down to the loose loop of the net rope from step 4.
7. Pull the loose end of the tie-down to tighten the system.
8. Follow the same process for the net's bottom rope, but in reverse.
9. Tie the three side ropes to the pole like shoelaces.
 - a. If there is only one loose end, adjust the rope so there are two loose ends.
 - b. Pliers are available to aid in untying a knot.
10. The Four stakes and tie-down assemblies should be stored in the canvas zipper bag.
